Is she sick, or is it the world itself? HOUSE ON FIRE, the debut graphic novel by writer/artist Matt Battaglia, teases out the difference in a personal-political cruise through a fallen world, where fear is rational and obedience your only refuge.

Battaglia depicts the near-future landscape of House on Fire with wild two-color brushwork reminiscent of the great Paul Pope, and a minimalist writing style that evokes and questions rather than lectures. This is his debut graphic novel.

"A nihilistic brutal little tale, drawn in bold brush strokes in a gutsy, expressionist style.

— Erik Kriek, *The Exile, Gutsman, In the Pines*

LIVING the LINE

"Matt Battaglia had to invent Photo-Impressionism to convey the full Force Majeur of HOUSE ON FIRE, the first of the post-pandemic WADs (We Are Dystopia) graphic novels." —Dave Sim, *Strange Death of Alex Raymond*

"... gritty ... raw... a comic you can't pass up."

2023 GETS OFF TO A MONSTROUS START!

Welcome to our 35th year of publication! ***PREVIEWS*** started way back in 1988, in another century, and it's grown from 48 to 600 pages during those three and a half decades. All the while, we have tried to make it a bargain for the cover price. I think we still achieve that… where else are you going to find all of the latest information about your current (or soon to be) favorite comics, as well as all of the great stuff that we can't live without?

As always, we have another great issue (600 pages!) filled with the coolest stuff on Earth! If you were to ask me what I was the most excited about, I would say it would have to be all of the classic Model Kits we're offering this month in the TOYS section! When I was a kid, there's was nothing I loved more than Monsters! I was born in 1962, on the tail end of the first "Monster Boom", which saw the classic Universal Monster Movies syndicated to local TV stations around the country. Which also lead to the rise of the "horror hosts", creepy characters who would introduce the films, crack jokes, and make monster puns to keep audiences laughing.

I was no more than 5 or 6 years old when I finally saw my first monster model from Aurora. My pop had bought my brother the *Gigantic Frankenstein* kit (an 18-inch tall Frankenstein monster of cartoonish proportions!), and had assembled and painted it on our kitchen table as we looked on in wonder. I knew then that I wanted to build my own, but I was still too young to do it myself. But a couple of years later, I got my first kit of the *Frankenstein Monster*. I built and painted it myself and in retrospect, boy it was a disaster! But before I knew it, I was adding more monsters to my bedroom shelf… Dracula, The Forgotten Prisoner, Wolfman, The Creature. And I branched out into cars, planes, tanks and other kits.

Anyway, close to 60 years later, the classic Aurora kits are coming back once again from Atlantis. These kits are pretty much identical to the ones released by Aurora all those years ago. Just a bit more expensive! But well worth your time and money, if you're looking to exercise your creativity and bring monsters to life! If you're interested, check out these classic kits in our TOYS section on page M-31! There you'll find *The Creature from the Black Lagoon*, *The Mummy*, *The Wolfman*, and *The Phantom of the Opera*; elsewhere you'll see *King Kong* (pg. 32) and the *Metaluna Mutant* (pg. 35) from *This Island Earth*, waiting! All you add is glue, paint, and your modelling skills!

Of course, there's so MUCH more to find in this issue of ***PREVIEWS***, including hundreds of comics, graphic novels, toys, statues, games, and our latest, Ironguard Collector Supplies! If you have gaming cards that need the best protection available, check out these new collector supplies on page 452!

And that's just the tip of the iceberg for this issue! There's just too much to mention.

I hope you find what you're looking for in this issue and keep coming back month after month for more. Emphasis on the *more*!

Once they joined Rick Grimes' group, Rosita often played mediator between him and Abraham. In the Alexandria Safe Zone, she trained to become a nurse and helped protect the town when it was breached by walkers. Years later when she was dating Eugene and had a child, Rosita was brutally killed by Alpha, leader of the Whisperers, as a warning to stay off her land.

DELUXE EDITION
ART NOT FINAL

Please tell us a bit about yourself!

I'm Kieron Gillen. I'm a recovering critic who went full-in on comics culture circa 2000 where I fell in love with the form and started doing my own 'zines. I broke into American comics way back in 2006 where Jamie McKelvie and I somehow convinced Image to publish our black and white comic about magic, britpop and snark, *Phonogram* (*Vol. 1: Rue Britannia* / JAN071929). It sold enough for us to make us critically feted, but not enough to eat. Since then, I've bounced between doing work for The Man and a bunch of my own work (which remain critically feted, but thankfully sell enough for me to eat). I've been very lucky.

What are your favorite projects you've contributed to over the past decade?

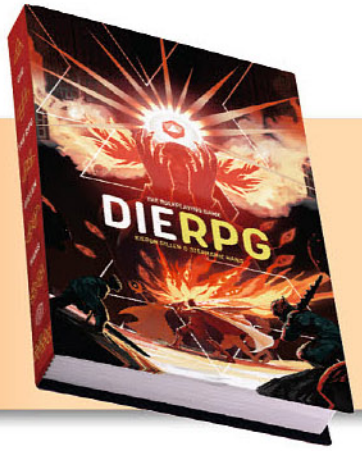

The Wicked + The Divine (*Vol. 1: The Faust* / SEP140684) was life-changing, and basically the summation of everything I'd learned and loved about everything up to there. That we managed to do a third and final volume of *Phonogram* (*Vol. 3: Immaterial TP* / DEC150649) still amazes me. *DIE* (*HC Collection* #1-20 / JUN220099) was me teaming up with Stephanie Hans, and doing a mid-life crisis comic that managed to build a world as convoluted and culty as *Phonogram*, about role-playing games – and me finding I still had things to say post-*Wic+Div*. In a real way, if it's a creator-owned project, it's a favorite — that's why I do them. That I've gotten to do so many has been a dream: *Ludocrats* (SEP200069), *Three* (FEB140534), *Once & Future* (*Vol. 1: The King is Undead* / DEC191235) also were in the last decade. I am a particularly proud parent.

What are you currently working on?

I'm doing something entirely new. Stephanie and I have teamed up with British indie RPG titans Rowan, Rook & Decard to release an RPG of *DIE* – *DIE RPG*. I'd designed this while I was writing the comic and released it as a beta alongside the release of the series. We've taken what I developed, honed it, and turned it into a beautiful, accessible game that lets anyone get together with their friends to create their own version of the *DIE* story — messed-up, real-world people dragged into a fantasy world which projects their own trauma and longings back at them. As we like to joke, "Goth Jumanji!" Stephanie has done a whole new load of art and we both did a new introduction comic in the book, so it's a really striking volume. That's available to order now, I believe (*It is!* See **Page M-88** of this issue for more info! -Ed.). Bar that, we're planning the next books in the *DIE RPG* series, and I'm writing my first original graphic novel. All exciting times!

What fun titles are you reading?

Kate Beaton's *Ducks* (DEC221260) was just amazing work – incredibly insightful and nuanced writing about just some incredibly difficult topics. I've loved seeing Chip Zdarsky flying entirely solo with *Public Domain* (NOV220136), a family drama about creativity, comics and capitalism. It reminds you that while comics will break your heart, it can also provide the heart to break. Also, I am actively annoyed that I haven't got a copy of Zoe Thorogood's *It's Lonely at The Centre of The Earth* (AUG220116) yet. Her the *Impending Blindness of Billy Scott* (Avery Hill) was an incredible debut, and what I've seen of the follow up is great. I also want to know why I cameo, and appear to have been drawn as a pigeon.

USER'S GUIDE

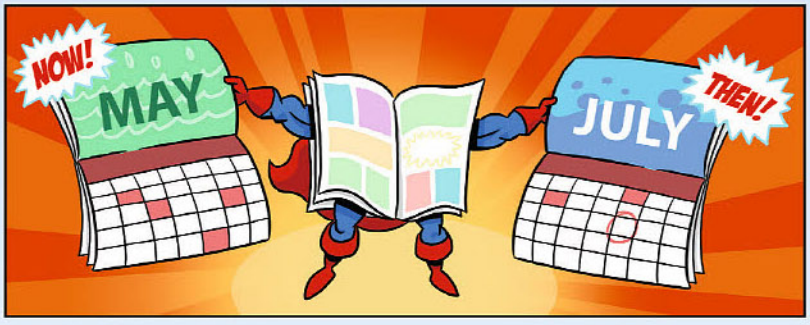

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

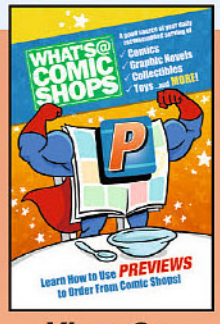

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

MARK MILLAR AND FRANK QUITELY REUNITE FOR IMAGE'S *THE AMBASSADORS*

How do you choose a single person to represent humanity? Even a handful of people? Eight billion people are living on Earth today, with billions more behind us and, hopefully, billions more ahead. How would someone argue their case that they best represent all the diversity that humanity has to offer? How would you? What makes you unique? What experiences do you have that are solely yours — yet also universal to billions upon billions? What makes you stand out, yet also representative?

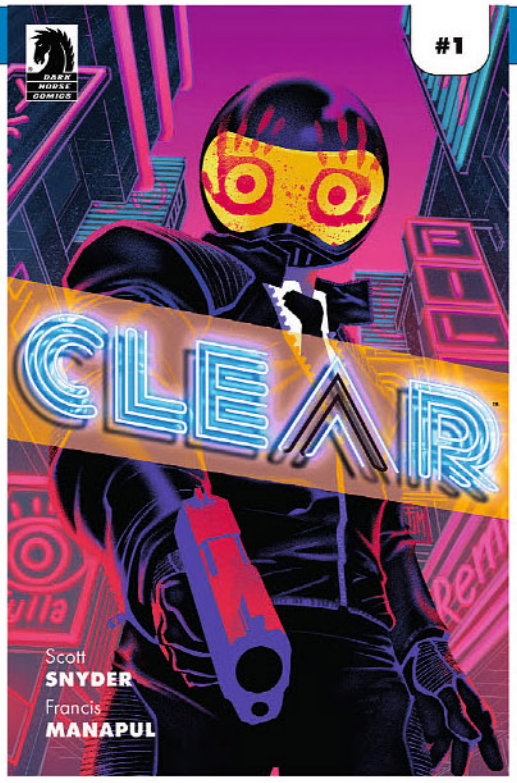

Mark Millar and Frank Quitely, reunited after Jupiter's Legacy, ponder those questions in their new Image Comics series, *The Ambassadors*. Six humans will be granted extraordinary superpowers. Who will they be? What reasons will they give why it should be them? And what of the stories of the billions not chosen?

Part of Millar's *Big Game* crossover event, *The Ambassadors* asks profound questions as the best fiction often does — what does it mean to be human? — as well as the question comics are uniquely capable of asking — what does it mean to be more than human? Look for the first issue of Millar and Quitely's *The Ambassadors* this March!

DARK HORSE'S *CLEAR* ASKS WHAT IS REAL IN A WORLD WHERE EVERYONE HAS THEIR OWN REALITY

Clear, the new sci-fi series from Scott Snyder and Francis Manapul for Dark Horse Comics, begins, like the best science-fiction, by taking something modern, like Instagram filters, and extrapolating it into the future. But instead of putting a filter on a photo, in *Clear* people can put filters on their entire perception of the world, seeing not what is but what they want to see. But when reality is so malleable on an individual level, does real mean anything at all? And when a private investigator who shuns filters investigates the death of an old girlfriend, can he trust anyone he meets in his quest for justice? Philip K. Dick meets Raymond Chandler in *Clear*, Snyder and Manapul's new Dark Horse Comics series!

TITAN COMICS

BASED ON UPCOMING COMET PICTURES AND BLUMHOUSE FILM

Mother Nature **is the debut graphic novel by Hollywood legend Jamie Lee Curtis and filmmaker Russell Goldman, adapted from their original film script, with art by Karl Stevens. On sale June 2023, this eco-horror story follows Nova Terrell in her campaign against the oil company, Cobalt Corporation, and the terrifying discovery that could destroy her entire town.**

We interviewed writers Jamie Lee Curtis and Russell Goldman on their upcoming graphic novel and how the threat of climate change prompted its creation.

JAMIE LEE CURTIS & RUSSELL GOLDMAN, *MOTHER NATURE*

Mother Nature **is a graphic novel adapted from a film script. What was the artistic process behind adapting a film script into sequential art form?**

JLC: I would never be able to draw a graphic novel as EVERYTHING I draw looks like stick figures. It was actually Karl Stevens's idea to turn it into a graphic novel. I collect original *New Yorker* cartoons and I gifted my husband a really wonderful Karl Stevens cartoon. We then began a correspondence and I mentioned in one of our communications that I had conceived and cowritten a script that was an eco-horror film, *MOTHER NATURE* and he wanted to read it, and after reading it, he suggested that we consider turning it into a graphic novel.

RG: We gave Karl a draft of our script, where he then meticulously adapted the images we had described on paper into hundreds of panels, each of which he would give his signature human, natural, watercolor touch. We edited dialogue and story details for clarity as Karl drew, yet as soon as Jamie and I read his drawings of the opening of the film, we knew we were in the hands of a master.

At the centre of *Mother Nature* is the real fight by indigenous communities across the United States against climate change. What drove you to making their story part of your narrative, and what research did you do in preparation for the script?

JLC: Russell handled so much of the communication with our indigenous advisers. I always knew there was an Indigenous / Native American center point when I first thought of the idea when I was 19 years old but Russell expanded that and along with our indigenous advisers created the correct mythology. It was crucial we get that right.

RG: *Mother Nature* is a story specific to the Four Corners (southwest Colorado, southeast Utah, northeast Arizona, northwest New Mexico). It's an amazing part of the world where every major source of energy has been mined, and where the climate and resource crises are acutely felt. Jamie, Karl and I do not live in the Four Corners, so it was our imperative to spend the last five years researching on the ground and speaking to everyone we could, from scientists employed by energy corporations, to environmental groups, and most importantly to indigenous voices. This is an ensemble story with Navajo characters at its front and center. We were lucky to have the chance to collaborate with Navajo artists like Brian Lee Young and Jerry Watchman who helped us tell this story the right way.

Where do you think the horror of *Mother Nature* lies- the human causality behind climate change or the ecological violence that emerges from it?

JLC: I think it's all very scary. Human casualties tug at our heartstrings but the bigger, global, climate challenges tug at our morality. They are not mutually exclusive. It's dangerous. This is a dangerous time.

RG: The devastating effects we see of climate change today were caused by our impact on the environment over a decade ago. The true horror to me is what the effects of our impact on the environment today will feel a generation from now.

What part does art have in the fight against climate change?

JLC: Art has been leading from the beginning of civilization. Art is the great translator, the great equalizer.

RG: Art will never combat this existential crisis (do oil magnates even like art?), but it can help us process the incomprehensible weight of climate change on a more intimate scale. Our story starts decades ago, in the world of energy extraction that was left behind for my parents' generation. The rest of the tale follows how the characters in this generation (Kai, Nancy, Cynthia) either change that course or maintain the status quo for their own children. What does it actually feel like to live around the extraction of resources the Mother Nature Project in our story is emulating? What's the world we're leaving behind for my generation, and my childrens' generation? *Mother Nature* is designed as a fun genre ride above all else, but every detail of the story is in conversation with these ideas. Art is a machine for empathy; even climate change stories have to be intimate, emotional experiences.

I have this recurring dream...
Or really, it's more like a primitive memory...
Seeing through the eyes of some distant ancestor, a Stone Age savage...
I'm sitting by a fire in the night... And all around me are the remains of the people I had to kill to get to these flames.
And all this carnage and blood, it makes me feel... alive...
Sometimes I wonder what this dream says about me...

Assuming our dreams mean anything at all.
IS THAT WHAT YOU WANT...?
TO BE JUST LIKE EVERYONE ELSE?
TO LET TIME PASS...
...BUT NOT REALLY LIVE AT ALL?
...SORRY... WHO THE HELL ARE YOU...?
I'M THE MAN WHO SAVED YOUR LIFE, AMERICAN...
NOW, LET'S GO MAKE SOME TROUBLE.

STORY
JOHN ZUUR PLATTEN

ART & COVER
CHRISTIAN DiBARI & SIMON GOUGH

By all accounts, Detective Hampton Wales is a good cop but a complicated man, and when he dies under unusual circumstances, he finds that things aren't any less complicated in death. The cases he couldn't solve have come back to haunt him—literally and figuratively—and he faces a hellscape where people from his past hunt him in an eternal, torturous blood sport. Now, Hampton must struggle to survive long enough to solve one more murder if he ever wants to leave the cycle of violence—but the truth may be just as scary as anything he faces in the deadly Moratorium.

Steeped in the tradition of body horror, REVOLVERS is an action-packed story of duty, love, betrayal, and revenge set against the background of an alternate vision of present-day Detroit.

"...the rare erotic comic that's **actually hot**."
—**Brian K. Vaughan** *(Saga)*

An erotic depiction of faith, sex, and the devil in the tradition of the divine comedy.

Faith likes to dabble with magic. Her friends think it's cute—if a little off-putting—but it's part of her charm and warped sense of purpose in a world that makes too much sense. Faith's a true believer and knows there's power within her reach, but it took a while for magic and temptation to find her.

That temptation? His name is Louis, and with his guidance Faith embarks on a journey deep into the exclusive art world. . . with hellish consequences.

New York Times bestselling writer **Brian Azzarello** *(100 Bullets, Moonshine)* and artist **Maria Llovet** *(Loud)* coalesce in a story of sexual and magical awakenings, and maybe even love.

The hit trilogy of graphic novels is collected in one complete hardcover volume for the very first time, and features a series of explicit erotic covers by superstar artists **Tula Lotay**, **Kris Anka**, **Jenny Frison**, **Becky Cloonan**, **Vanesa del Rey**, and **Dani**.

The invention of neurological filters has made it so one can view reality however they may choose—old Hollywood monochrome, zombie apocalypse, anime . . . the possibilities are endless. Neo-shamus Sam Dunes is one of only a handful who choose to live without a filter. When the death of an old flame reveals foul play, Dunes is set on a wild and twisting mystery that will take him from the city's deadly underworld to the even deadlier heights of wealth and power.

Domestic drama takes on a whole new scale—literally, as Skuld's attempt to solve their storage problems leaves Belldandy and Keiichi trapped in a living room that's now infinite square feet big! Once those household worries are wrapped up, the couple hit the road on a tandem bike for a late-night race to challenge the ghost . . . of a motorcycle, while back on campus the mad Dr. Koichi "Moreau" Morizumi drafts Keiichi and Belldandy into being the lab assistants for his latest scheme to build a walking robot that proves four legs bad, two legs much, much worse!

Pac-Man PVC SE

In celebration of *Pac-Man*'s 40th anniversary, First 4 Figures is proud to introduce their very first PVC collectible for the series, PAC-MAN PVC!

To pay homage to the beloved classic design of PAC-MAN, we decided to recreate the original PAC-MAN maze in 3D form, the highlight of which is the infinity mirror base! The four blue LED light strips at each corner represent the walls of the maze, and the single LED light in the middle gives off a Pac-Dot trail illusion thanks to the infinity mirror. The base itself is designed with the PAC-MAN maze, which includes details such as the Pac-Dots, some of the ghosts, and even the cherry! As for PAC-MAN himself, he can manually be rotated to either face front or face the PAC-Dots as if he were about to eat them.

Okami—Oki (Wolf Form) SE

Oki is a warrior from the Oina tribe, and this particular PVC statue is of him in his wolf form. When in his wolf form, Oki has a blue aura emanating from his chest, making him look even more fierce and powerful. And the cloud of smoke on the base makes the piece even more dynamic as if a trail was left behind as he jumps into battle.

The Legend of Zelda: Breath of the Wild—Revali Collector's Edition

The highly detailed Revali PVC statue is inspired by his official artwork from *The Legend of Zelda*™: *Breath of the Wild*. Revali is in this stoic pose wielding the Great Eagle Bow, which has a slightly elastic bowstring. And given the direction of where the cloth is blowing, it even adds a certain dynamism to the piece.

The design on the base is based on the Sheikah tribe's eye symbol that appears when activating the Sheikah Slate interface, and the Collector's Edition of this statue comes with bright LED functions for the base.

On sale March 1 / $109.99

Yu-Gi-Oh! Blue-Eyes White Dragon

The statue's concept is inspired by the scene in the anime where a battle ensues between Pharaoh Atem and a Priest Seto possessed by his evil father, Priest Akhenaden. The possessed Seto summons Blue-Eyes White Dragon from the stone tablet it's contained in to attack the pharaoh, and although Blue-Eyes manages to take out the pharaoh's Dark Magician, Pharaoh Atem remains unharmed as the spirit of the original owner of Blue-Eyes White Dragon, Kisara, manages to expel Akhenaden from Seto's body and passes onto Seto the power of Blue-Eyes White Dragon. The patterns on the sides of the base are reminiscent of Ancient Egyptian times, which is when the battle took place.

Silver Variant 14" PVC Statue / On sale March 1 / $139.99

White Variant 14" PVC Statue / On sale March 1 / $139.99

Yu-Gi-Oh! Dark Magician PVC Statue

The statue's concept is inspired by one of Dark Magician's iconic summoning poses in the anime, where he's in this "ready for action" stance with the Dark Magical Circle in the background. He has his left arm stretched out and is wielding the Magician's Rod in his right hand, ready to cast his signature spell: Dark Magic Attack.

The smoke on the base adds emphasis that Dark Magician has been newly summoned onto the battlefield. The base is designed to reflect this aspect of Dark Magician, from the sandy and rocky environment atop the base to the hieroglyphic patterns on the side.

An all-new vision of a Princess of Mars!

Eisner Award-winning writer Chuck Brown (Bitter Root) and stellar artist Emiliana Pinna (Red Sonja) present Dehah Thoris, a tale set before the events of Edgar Rice Burroughs' first classic novel.

Young Princess Dejah has lived a sheltered existence, growing up behind vast palace walls, guarded by Helium's greatest warriors. But when the entire royal family is attacked by horrific Kaldane Martians, Dejah narrowly escapes into the wilds of Barsoom, with no recourse but to strike out on a quest to save her kingdom…

BARSOOM WELCOMES YOU!

WRITER CHUCK BROWN TURNS HIS SPOTLIGHT TO DEJAH

Welcome back to the mythos of Barsoom. This is following your writing on the John Carter of Mars series. Now your primary focus shifts to the love of his life. Is there any chronology connection between these two series, or is it more of turning the spotlight?

We're switching the spotlight to shine on Dejah Thoris. The events in this series take place a few thousand years before she met John Carter. At this stage in Dejah's life, she's more of a sheltered princess.

They are obviously both from the same stories and original author, but how are you approaching writing Dejah differently from John now that she is the hero of the story?

With John Carter, a lot of his reason for being and drive to fight was his love for Dejah. In the Dejah Thoris series, we're focusing on her love for her kingdom and its people. She also has a very close friend and former helium servant, Roo. This is also someone she is willing to fight and die for.

We believe this story is set a bit earlier in Dejah's life, right? So, kicking off with her as more of a sheltered princess, eventually leading to heroics. What triggers the beginning of that transformation?

When Dejah's kingdom falls, she is thrust out into regions of Barsoom that are unknown to her. At the beginning of her quest, she and Roo are joined by a young green Martian named Hudd. This being thousands of years in the past, Dejah still has certain prejudices against green Martians. In this story, her true power emerges when she sheds her preconceived notions about green Martians. That's when she becomes a true heroine.

You're joined by artist Emiliana Pinna to depict this new chapter in the legacy of Barsoom. How has it been working with her and the rest of the creative team so far?

I, unfortunately, have not had the pleasure of meeting Emiliana yet. But what I've seen of their designs so far has gotten me very excited. If you've seen Emiliana's work on Red Sonja, you'd know that Dejah Thoris is in good hands.

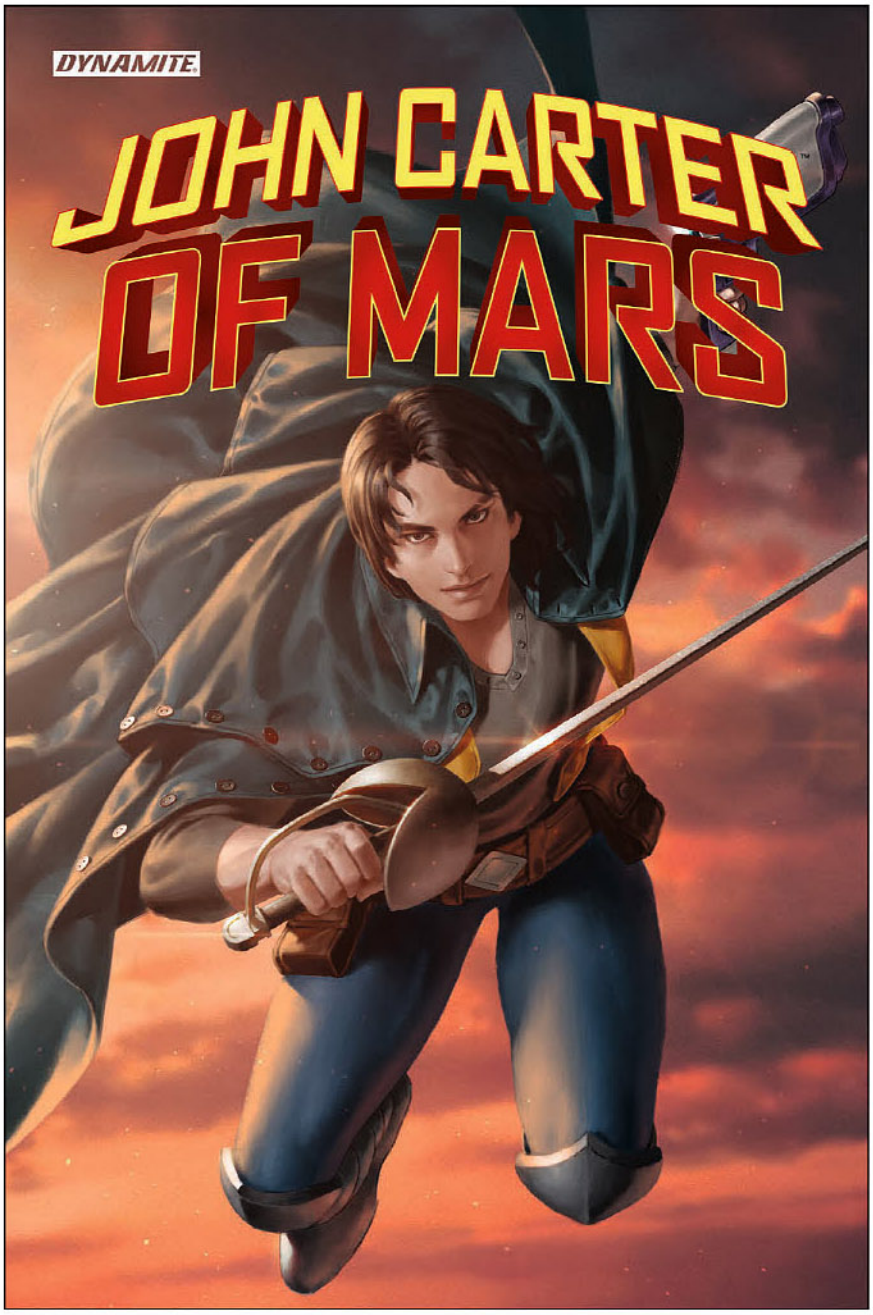

Are there any elements of the story, a fun character, or wild wildlife, or awesome action scene that you are most looking forward to fans to get to see on the page?

I'm having a lot of fun with a somewhat bratty Dejah. I'm also loving what Roo has evolved into as their journey moves deeper into the wilderness of Barsoom. She shifts from Dejah's servant, to a leader. Also excited for the readers to see the kangaroo men and man-eating Calot trees!

JOURNEY TO SKULL ISLAND WITH WRITER ALEX COX — WATCH OUT FOR THE BIG APE WHILE YOU'RE THERE!

The king is coming to comics! What was your first experience with Kong and which stories of the big ol' ape have stuck with you the most, or will possibly be inspiring this series?

The 1933 KING KONG is, pound for pound, the greatest movie ever made. I saw it as a kid, and it steamrolled me — I've watched it at least once a year, every year since. It is the prime source — as much fun as some of the later films have been, as far as I'm concerned, the real Kong died in the streets of New York in the 1930s.

Like many a giant monster, often the best Kong stories turn the spotlight just as much to the humans wrapped up in the chaos. Who will fans meet in this series?

This series takes place in 1917, and revolves around the crew of an Imperial German U-boat. So we meet a rag-tag crew of sailors who have been shipwrecked on Skull Island — the survivors have to contend with not only being lost at sea, on an uncharted island, but all of the horrific monsters that we have come to expect from Kong lore. These characters are a motley bunch, doing their best to stay alive in impossible circumstances, but it's a bloodbath, to be honest. I wouldn't recommend getting too attached to any of these characters — there's a high likelihood they will end up as dinosaur chow.

Kong is usually not alone on Skull Island, surrounded by wildlife nearly as formidable as him. Whether it's our human cast taking them on or Kong himself ripping and tearing, what other range of menagerie can we expect to see?

After seeing artist Tommasso Bianchi's work, I wanted to give him the chance to create as wild and gruesome an assortment of monsters as I could. So every issue will have multiple breeds of insane paleolithic nightmares. The island is a shore-to-shore death trap of exotic beasts — if dinosaurs had been given free rein to evolve for a few million years, only becoming more terrifying and deadly as the eons passed. Like any good Saturday matinee monster flick, the variety of creatures are the star of the show.

Artist Tommasso Bianchi is making his big splash on this title. How has the collaboration been so far, and can you tease us with what you're most looking forward to seeing him bring to the page?

Tommasso's work is incredible, full stop. He has a liveliness and energy, when he approaches a page, that almost jumps at the reader, and with a story like this, where the characters are basically running for their lives issue after issue — you want someone with that type of frenetic storytelling. He really breathes life into the humans, and the monsters, in a way that surprises me every time. He has made this book his own, so it's just as exciting for me to see the final art as it will be for fans.

Kong has tangled with a whole cast of fellow towering beasts, a couple times with one famous big Japanese reptile, and others. What would be your dream bout to set Kong up with?

I think the only monsters that could give Kong a real challenge would be from the worlds of Lovecraft and Howard and Derleth. They gave us inexplicable horrors, with beings that drive mortal men mad with fear and confusion. While Kong can best anything on Earth with his fists and brute strength, the Shoggoths and Old Gods of the early 20th century pulp fiction pose a threat that he couldn't wrestle to the ground. The third and final book in the Red Rising graphic novel series is here!

The last two entries into the Sons of Ares had Fitchner on his heels. In the first, he was driven by love and desperation to save his wife Brynn before her execution at the hands of the Board of Quality Control. Then, in book two, Fitchner went head to head with both of his early allies — Arturius and Quicksilver. His wrath left Arturius dead and set back Quicksilver's dream of expanding exploration and human habitation to other stars. In Forbidden Song, Ares may not always be in control. But he has a plan — and it's a doozy.

Forbidden Song is one part Ocean's 11, one part Les Misérables, and it sets the fuse for the Rising that Darrow will inherit.

Interior art by Kewber Baal

"All rebellions mythologize their beginnings. The French stormed the Bastille. The Americans tossed their tea. The Reds of Mars have their very own god of war in Ares. While the first two volumes of the Sons of Ares trilogy explored the genesis and evolution of Fitchner au Barca into the rebel leader who would lead the revolt against the color-coded Society that rules from Mercury to Pluto, the third and final installment in the trilogy focuses on the first great act of rebellion. Finally, the Rising explodes out from the shadows into the light of day.

That is why I am so excited for fans to return to this series and dive into its third installment. As Fitchner's actions begin to shake the foundations of his civilization, he'll come closer to the halls power where fan-favorite heroes and villains will obstruct his path or join his cause. The new volume offers fresh opportunities to explore unseen facets of the Red Rising world while supplying enough twists and turns to make Fitchner and his friends piss their gravity boots. I can't wait for readers to go along for the ride."

PRAISE FOR RED RISING VOLUMES 1 AND 2

— Feeling Fictional

"If you're into sci-fi, are a fan of Pierce Brown's NY Times Bestselling Series, this is one you can't miss out on. It'll open your mind to a lot more than just the story at hand, and any book that can do that is worth a read."

Just when you thought it was safe to go back into the comic shop...

For over three decades, Madballs and GPK have both been known as the "grossest of the gross", co-ruling counterculture with their pun-heavy names and subversive humor. This all-new limited series event features the first time these two delightfully crude forces have ever met!

Your freaky favorites, the Madballs and Garbage Pail Kids, are at it again. But this time, the chaos can't be confined to a single neighborhood as we trace the entire history of Madballs-GPK feud — bursting (and oozing) out across the ages!

In this issue: Arrrh, mateys! Weigh anchor for horrible hijinks on the high seas as the Madballs set sail for a pirate adventure with Skullface on their flag and…well, never mind what's on the poop deck. Plus: Italy in the 16th century — The Sistine Chapel needs a paint job...and the GPK and Madballs both want the gig! There's only one way to choose: a no-holds-barred paint-off!

Written by Sholly Fisch, each issue features three incredible covers: Legendary Garbage Pail Kids (and Mad!) artist Joe Simko, series artist Jason Crosby and a special Ken Haeser Vintage Fight Poster, created especially for this momentous meeting of the (depraved) minds!

Fortunately, her therapist has put her on some meds to help, but those meds cause some unintended side effects, like sleepless nights, pounding headaches...and superpowers.

PRAISE FOR THE BOOGYMAN:

"ABLAZE has a massive hit on their hands with The Boogyman. 5 out of 5" —PASTRAMINATION.COM

"Ablaze Comics just treaded new ground with *The Boogyman*, detailing how the monster *lurking in the shadows* might not be evil, after all. And in the process, it quickly builds up a universe that blends fantasy, supernatural and also, the psychological thriller genres." —CBR.COM

"The dialogue, pacing, and plotting are all excellent, and Djet's art maximizes size and contrast to hype up the dramatic impact as much as possible. Score: 9 out of 10" —COMICALOPINIONS.COM

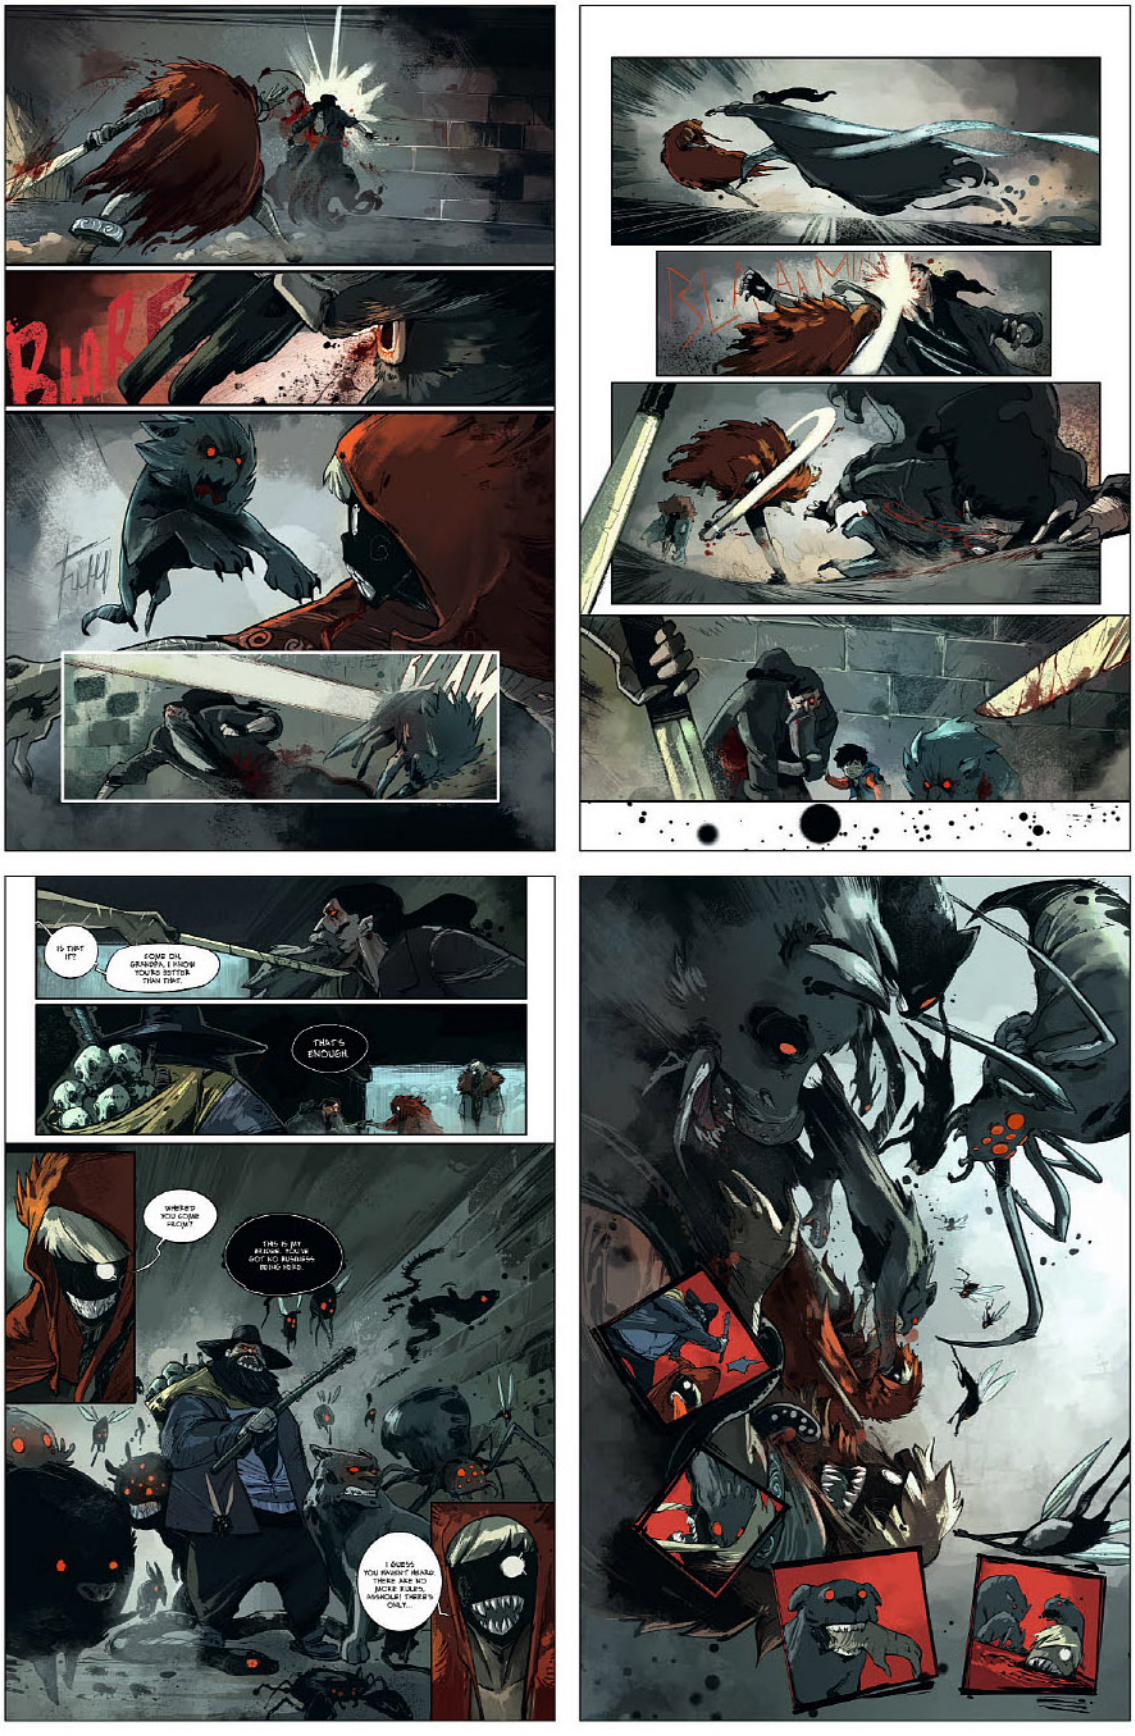

"does a great job of setting up its own, unique mythology, while also paying loving homage to familiar trope from the horror genre. the art by DJET is top notch."BIFFBAMPOP.COM

Monsters don't only exist in children's minds...

Passionate about reading, Elliott has always had a preference for the stories of boogymen, those monstrous creatures which, at night, hide in the shadows or under the bed to frighten little children. He can't imagine how much they will change his life... Witnessing the bloody murder of his parents, he will discover that, in reality, boogymen do indeed exist, and very precise codes govern their existence. When one of the most powerful boogymen, Father Death, decides to protect him, Elliott finds himself plunged into a terrible conflict at the heart of a universe as terrifying as it is fascinating. On a dark, stormy night, Elliott's destiny will be fulfilled...

Creators Mathieu Salvia and Djet craft a stylish nightmare world and take you on a non-stop action adventure into the realm of the Boogymen. Collects the hit 6-issue series, along with cover gallery and bonus material.

DISCOVER A BRAND-NEW GRAPHIC NOVEL BASED ON THE HIT VIDEO GAME FRANCHISE!

For Juan Cortez, guerrilla warfare is a profession. Death, a hobby.

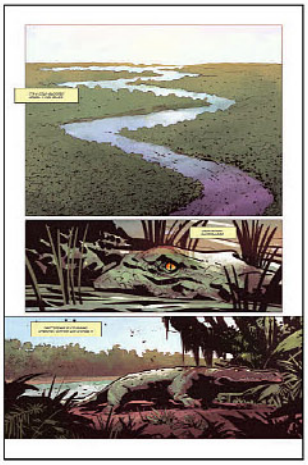

Over the years, he's traveled from countries at war to conflict zones, putting his experience and training at the service of the highest bidder. This time, fate led him to Santa Costa, a South American country that curiously reminds him of Yara, his native land. Because here, as on the island of Antón Castillo, the recent discovery of a rare resource, a mineral called "Tantalum," has upset the economy of a small nation previously ignored.

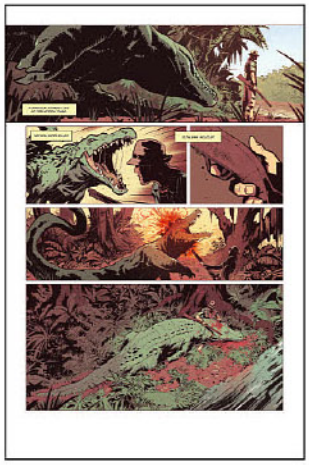

Three camps now face each other: the military junta recently established in power by Di Stefano, the bourgeois party led by the daughter of the assassinated former leader, and a revolutionary group, defender of labor and indigenous rights. It was the latter, guided by their leader Max Purillo, who called on Juan's talents. And for him, it's blessed bread. A nascent guerrilla, a troubled period politically, and above all: money. A lot of money. To save the country, he is asked to strike a blow by assassinating General Di Stefano. But of course, nothing will go as planned...

A prequel to the events of Far Cry 6, this amphetamine-boosted comic introduces Juan Cortez, one of the central characters in the newest installment of Ubisoft's hit video game series. Collection includes the 4-issue series plus cover gallery and bonus material.

HI!

DAN DIDIO HERE WITH A SPECIAL "RETAILER-CENTRIC" KEEP THIS UNDER YOUR HAT.

FIRST, THANKS FOR YOUR SUPPORT AND ENTHUSIASM FOR THE FRANK MILLER PRESENTS LINE OF TITLES. IT'S YOUR BELIEF IN US AND OUR WORK THAT KEEPS US MOTIVATED AND GOING STRONG.

FOLLOWING OUR INITIAL LAUNCH, I HAD THE OPPORTUNITY TO SPEAK TO SEVERAL RETAILERS TO GET A SENSE OF HOW OUR BOOKS SOLD AND WHAT WE COULD BE DOING BETTER TO KEEP OUR LINE HEALTHY IN THE LONG RUN. THE FEEDBACK WAS POSITIVE AND PRODUCTIVE WHILE ADDRESSING THE CONCERNS WE FACE IN OUR CURRENT MARKETPLACE. AS A RESULT, WE ARE GOING TO IMPLEMENT SOME CHANGES TO THE BOOKS WE RECENTLY SOLICITED AS WE SET THE COURSE FOR THE FUTURE OF FRANK MILLER PRESENTS.

WITH THE TITLES SOLICITED FOR JANUARY 2023, WE ARE LOOKING TO MAKE THE FOLLOWING CHANGES;

- ***FRANK MILLER'S RONIN BOOK II #2*** WILL REMAIN $7.99 FOR 56 PAGES. HOWEVER, THIS BOOK WILL NOW CONTAIN A SIX PAGE PREVIEW OF ISSUE 3, SHOWCASING SOME OF FRANK MILLER'S LAYOUTS FOR THAT ISSUE. ***A MUST-HAVE FOR ANY FRANK MILLER FAN.***

- ALSO, WE WILL ADD A ***SPECIAL 1: 50 INCENTIVE VARIANT COVER SIGNED BY FRANK MILLER.***

- ***ANCIENT ENEMIES #2*** WILL NOW BE $5.99 FOR 48 PAGES AND WILL FEATURE A FOUR-PAGE ORIGIN STORY OF THE GEEK, ***WRITTEN AND DRAWN BY FRANK MILLER.***

THE CRITICAL AND FAN REACTION TO BOTH TITLES WAS SO POSITIVE WE WANT TO ENSURE WE TAKE EVERY STEP POSSIBLE TO ENCOURAGE READERS TO CONTINUE TO FOLLOW EACH SERIES AND FEEL COMFORTABLE WITH EACH BOOK'S VALUE.

FOR OUR FEBRUARY 2023 SOLICITED TITLES, WE ARE BEING EVEN MORE PROACTIVE.

- ***FRANK MILLER'S PANDORA*** (HITTING YOUR STORES DECEMBER 7) WILL SHIFT TO A MONTHLY 32-PAGE TITLE AT 3.99, BEGINNING WITH ISSUE 2, PUTTING IT AT A PRICE POINT MORE IN LINE WITH SIMILARLY STYLED BOOKS. BUT GIVEN THE STORY AND EMMA'S ART, WE EXPECT IT TO BE A STANDOUT VERY QUICKLY.

- ***ANCIENT ENEMIES: THE DJINNI ONE SHOT,*** WE HAVE REVISED THE VARIANT COVER PLAN, REPLACING THE MAIN COVER AND 1:25 VARIANT WITH OPEN TO BUY, COVER A AND COVER B.

SO, IF YOU ALREADY PLACED YOUR INITIAL ORDERS FOR THESE SERIES, I'D ASK YOU TO ***GO BACK AND LOOK AT THEM AGAIN, ESPECIALLY AT FOC, AND CONSIDER THESE CHANGES.*** YOUR CUSTOMERS WILL BE HARD-PRESSED TO FIND ANY BETTER VALUE THAN THE BOOKS MADE BY FRANK MILLER PRESENTS.

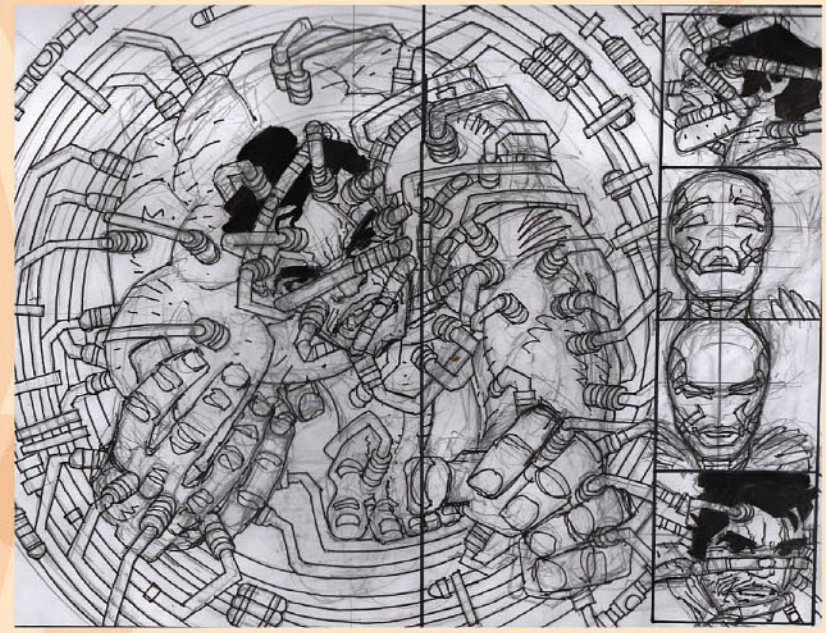

THANKS, AS ALWAYS, FOR YOUR DEDICATION AND SUPPORT.

Diamond Comic Distributor's even has their own award, the "Gem"! So, as we look back at the year that was, we look ahead to award season where pros and fans alike cast their votes for their favorite comics, graphic novels, collections and creators! And as this month's ***PREVIEWS*** theme is *AWARD WINNERS*. Our product specialists have gathered a selection of past award-winning graphic graphic novels for your consideration. OCTAVIA BUTLER: KINDRED TP (NEW PRINTING)

(W) Octavia Butler, Damian Duffy
(A/CA) John Jennings
Now a FX/Hulu original series. Winner of the 2018 Eisner Award for Best Adaptation from Another Medium. More than 35 years after its release, Octavia E. Butler's bestselling literary science-fiction masterpiece *Kindred* continues to draw in new readers with its deep exploration of the violence and loss of humanity caused by slavery in the United States, and its complex and lasting impact on the present day. Dana, a young black woman is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. MARVEL VALUE STAMPS: A VISUAL HISTORY HC

(W) Roy Thomas
(A) Various (CA) Alex Ross
In 1974 Marvel Comics publisher Stan Lee devised an ingenious promotional campaign—Marvel Value Stamps, which appeared on the letters pages of their monthly comics. Readers could cut out all 100 of these super hero and super villain stamps and place them in a special mail-order booklet. Once complete, these stamp books could then be redeemed for special discounts and exclusive merchandise. The program was so successful, a second set was released in 1975. And now, for the first time, these original stamp books, stamps, and all of the surrounding ephemera and source material are collected into one must-have volume for collectors and fans, along with text from Marvel Comics historian Roy Thomas and an all-new cover by Alex Ross. KENT STATE: FOUR DEAD IN OHIO GN

(W/A) Derf Backderf (CA) Derf
On May 4, 1970, the Ohio National Guard gunned down unarmed college students protesting the Vietnam War at Kent State University. In a deadly barrage of 67 shots, 4 students were killed and 9 shot and wounded. It was the day America turned guns on its own children-a shocking event burned into our national memory. A few days prior, 10-year-old Derf Backderf saw those same Guardsmen patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Backderf has conducted extensive interviews and research to explore the lives of these four young people and the events of those four days in May, when the country seemed on the brink of tearing apart. RUN BOOK 1 GN

(W) Andrew Aydin, John Lewis
(A) Nate Powell, L Fury
(CA) Nate Powell
To John Lewis, the civil rights movement came to an end with the signing of the Voting Rights Act in 1965. But that was after more than five years as one of the preeminent figures of the movement, leading sit-in protests and fighting segregation on interstate busways as an original Freedom Rider. It was after becoming chairman of SNCC (the Student Nonviolent Coordinating Committee) and being the youngest speaker at the March on Washington. It was after helping organize the Mississippi Freedom Summer and the ensuing delegate challenge at the 1964 Democratic National Convention. And after coleading the march from Selma to Montgomery on what became known as "Bloody Sunday." All too often, the depiction of history ends with a great victory. But John Lewis knew that victories are just the beginning. (STL093017)

BATCAT VOLUME 1 GN

(W/A) Meggie Ramm

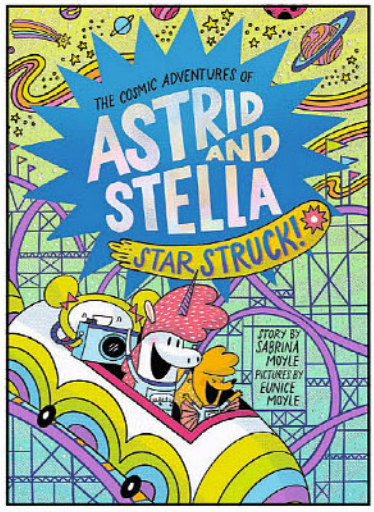

Batcat loves being all alone in their home on Spooky Island. Up in their tree house, they pass the time playing video games and watching TV. But when Batcat suddenly finds themself haunted by an annoying, ice cream-stealing ghost, they visit the local Island Witch for a spell to remove their ghastly guest permanently! With their Ghost-B-Gone spell in hand, Batcat travels across Spooky Island to gather ingredients—to the Cavernous Caves where the bats tell them they're too round to be a bat, and to the Whispering Cemetery where the cats will help only if they commit to being a true cat. But Batcat is neither and that's what makes them special, right? (STL257898)

Astrid and Stella are best friends and intergalactic heroes. But sometimes, even this dynamic duo needs a reset. After drifting into a dangerous force field powered by misunderstanding, it will take total teamwork to get back on track! Once they've recovered from that detour, a run-in with a fur-miliar villain and the rescue of an intergalactic pop star are enough to keep things interesting for Astrid, Stella, and their trusty robot sidekick, Bobo. They just need to remember what's most important—friendship and being true to yourself! Astrid and Stella just might surprise themselves by learning a few new things along the way, too. THE EXTINCTS VOLUME 2: THE FLIGHT OF THE MAMMOTH GN

(W/A) Scott Magoon

After stopping Dr. Z's nefarious plan and rescuing the unicorn horn, things haven't quite been the same for the Extincts. In order to pay the bills and support themselves, they open a zoo and gift shop. Scratch, Martie, Quito, and Ursa think it's a great chance to educate the public and teach people to be better to the environment. After a fiery and near-tragic incident, Lug decides to leave the team and goes to do work that he thinks will actually make a difference: helping a group of smoke jumpers stop the wildfires in California. But it seems like the fires they're stopping may not be so natural—someone seems to be causing them to try to lure Lug to follow . . . It's going to take the help of all the Extincts to get to the bottom of it and save the day! (STL257896) (C: 0-1-0)

SCRIPT: AMY CHASE, JORDAN MORRIS, RYAN CADY
ART: FEDERICO SABBATINI, CHRIS PANDA, LIANA KANGAS
COVER: ADAM GORHAM

Pop Tate is the glue holding Riverdale together, whether everyone realizes or not. His Chock'lit Shoppe is the beating heart of the city, where everyone can stop in for a delicious bite and some safe haven—even the worst sorts. And not just the run-of-the-mill rapscallions who recently broke the jukebox. When a young Riverdale couple (Nick St. Clair and Sherry Thyme) attempt to dine and dash on the humble small business owner, they quickly discover the fryer grease isn't the only heart-stopping thing about the Chock'lit Shoppe. From tales of mystery meat to the unnatural visitors that dine late at night, this anthology tells stories about the horrors that happen at Riverdale's beloved malt shop—and how Pop Tate is at the center of it all, the most powerful figure in Riverdale providing haven to all sorts of terrors and underhanded villainy.

RINGMASTER: VINCE MCMAHON AND THE UNMAKING OF AMERICA HC

(W) Abraham Riesman

Even if you've never watched a minute of professional wrestling, you are living in Vince McMahon's world. In his four decades as the defining figure of American pro wrestling, McMahon was the man behind Dwayne "The Rock" Johnson, "Stone Cold" Steve Austin, John Cena, Dave Bautista, Bret "The Hitman" Hart, and Hulk Hogan, to name just a few of the mega-stars who owe him their careers. For more than twenty-five years, he has also been a performer in his own show, acting as the diabolical "Mr. McMahon"—a figure who may have more in common with the real Vince than he would care to admit. Accessible to anyone, regardless of wrestling knowledge, *Ringmaster* is an unauthorized, independent, investigative chronicle of Vince McMahon's origins and rise to supreme power. OJJA-WOJJA GN

(W) Magdalene Visaggio
(A) Jenn St-Onge
Welcome to Bolingbroke. It's a small town just like any other... or so eighth graders Val and Lanie think. They're the best of best friends—they love the same comics, they watch the same shows, and they're always there for each other. Which is important when you're queer, like Lanie, or on the spectrum, like Val, and just don't seem to fit in anywhere. When a school project about their hometown's supernatural history leads to a for-real ghost sighting, Val and Lanie realize Bolingbroke might not be as boring as they'd always thought. But after a run-in with the resident middle school queen bee, they decide to take things to the next level... and accidentally summon the Ojja-Wojja, a demonic presence connected to a slew of mysterious tragedies throughout Bolingbroke's sordid history. Now, with the whole town acting weird and nowhere left to turn, it's going to be up to Val, Lanie, and their small group of friends to return things to normal—if "normal" is even something they want to return to. The military tales of the French Legionnaire soldier Battron continue! December, 1944. But every Allied soldier feels the pressure, including Sergeant Battron. Separated on the battlefield from his French Legion group, Battron struggles to support both his friend Esclaviar who wishes to return to his family, while keeping faith that these Americans fighting by his side will hold out against the German onslaught. (W/A) Matthew Tavares

A work of fiction inspired by a true story, Matt Tavares's debut graphic novel dramatizes the historic struggle for gender equality in high school sports. It is 1975 in Indiana, and the Wilkins Regional High School girls' basketball team is in their rookie season. Despite being undefeated, they practice at night in the elementary school and play to empty bleachers. Unlike the boys' team, the Lady Bears have no buses to deliver them to away games and no uniforms, much less a laundry service. They make their own uniforms out of T-shirts and electrical tape. And with help from a committed female coach, they push through to improbable victory after improbable victory. Illustrated in full color, this story about the ongoing battle of women striving for equality in sports rings with honesty, bravery, and heart. (STL258284) (C: 0-1-1)

A finely wrought account of aliens and alienation in the suburbs. German cartoonist Aisha Franz's debut graphic novel details a few short days in the life of two sisters and their single mother. PLAN 59 FROM OUTER SPACE #1

(W) James Mascia, Michael Dolce
(A) Joaquin Gonzalez, Daniele Caramanico
(CA) Richard Ortiz

Back in 1957, Ed Wood brought us a movie about aliens who tried to raise the dead in order to destroy humanity in order to prevent us from causing a galaxy destroying weapon that they believed we would one day create. This was *Plan 9 from Outer Space*. Obviously, plans 1 through 8 failed, and (spoiler alert, but frankly the movie has been out for 63 years now, so there shouldn't be much to spoil) so did Plan 9. But what happened in the years since 1957? Did the aliens just give up? Were they going to cease their plans to stop us and save the galaxy? Of course not. Almost 60 years have passed, and in that time, they have attempted to destroy us nearly 50 more times, and humanity has become quite adept at fighting them off. But today, they are coming back for their 59th plan, a plan that is so nefarious, it just might work! (STL258037)

MS DAVIS

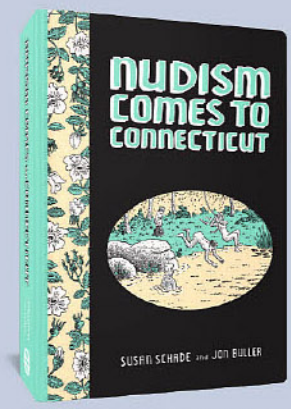

By Sybille de la Croix and Amazing Ameziane

$24.99 / HC / 188 pgs / FC / 8" × 10.5"

In this follow-up to their bestselling graphic biography of Muhammad Ali, the acclaimed writer and artist duo tell the dramatic story of Black activist, professor, and prison abolitionist Angela Davis. In 1971, Davis was put on the FBI's 10 Most Wanted List due to her activism and went to prison despite her protestations of innocence. In 1972, she was found not guilty by an all-white jury. The book also includes illustrated educational material that adds context about the political organizations and programs referred to in the book, such as Cointelpro, an illegal FBI program dedicated to destroying U.S. political groups.

NUDISM COMES TO CONNECTICUT

by Jon and Susan Buller

$25.00 / HC / 180 pgs / FC / 6.5" × 8.75"

Nudism Comes to Connecticut is a fascinating graphic memoir of optimism, debt, nakedness and real estate scheming. In the 1920s, Frank Mallett envisioned creating utopian communities of bohemian emigrés and artistic intellectuals. With the crash of 1929 his enterprises seemed doomed — until he discovered a growing interest in *nudism*. Although Frank's love of nature never falters, he learns that there is more to nudism than meets the eye. *Nudism* is veteran children's book authors Jon Buller and Susan Schade's first published graphic novel, lovingly rendered in delicate pen lines.

By Joyce Farmer, Lyn Chevli, et al.
Edited by Samantha Meier

$59.99 / HC / 368 pgs / Partial color / 7.5" × 11"

First published in 1972, *T*ts & Cl*ts* is a raucous underground comix series about female sexuality that one reviewer described as "the ultimate in vaginal politics." In addition to reprinting the seven-issue run of the *T*ts & Cl*ts* series, this collection also includes two classic solo comics from 1972 written and drawn by Farmer and Chevli — *Abortion Eve* and *Pandora's Box*. Also included is an introductory essay providing context to *T*ts & Cl*ts*' place in the history of women's cartooning by the book's editor, Samantha Meier.

A debut graphic novel that poignantly blends memoir, magic realism, and graphic medicine. *Ephemera* is set in a garden, a forest, and a greenhouse. The story drifts among a grown woman, her early memories as a child, and the gossamer existence of her mother. BELLE OF THE BALL GN

(W/A) Mari Costa

High-school senior and notorious Hawkins finally works up the courage to remove her mascot mask and ask out her longtime crush: Regina Moreno, head cheerleader, academic overachiever, and all-around popular girl. There's only one teensy little problem: Regina is already dating Chloe Kitagawa, athletic all-star... and middling English student. Regina sees a perfectly self-serving opportunity here, and asks the smitten Hawkins to tutor Chloe free of charge, knowing Hawkins will do anything to get closer to her. And while Regina's plan works at first, she doesn't realize that Hawkins and Chloe knew each other as kids, when Hawkins went by Belle and wore princess dresses to school every single day. Before long, romance does start to blossom, but not between whom you might expect. (STL256250) (C: 1-1-0) **NOTE:** Not available in UK. (May purchase from UK vendor.)

A Creator You Should Know:
MAC RABOY

Emanuel "Mac" Raboy began his comic book career in 1940 working for the Harry "A" Chesler studio, which was known for completing work for a variety of comic publishers. He also notably used his artistic talents at Fawcett Publications on many of the company's classic titles including *Captain Marvel, Jr.*, *Captain Midnight*, and *Master Comics*.

His art carries a classic feel that can be easily identified by his use of composition and perspective. Mac later left Fawcett in 1944 and used his abilities on the comic book *Green Lama*. From 1948 until his death in 1967 Mac Raboy worked as the illustrator on the *Flash Gordon* comic strip for King Features Syndicate.

AWARD WINNERS

Eisner Award Winner for Best Anthology and Best Short Story. Hot flashes. Vaginal atrophy. Social stigma. The comics in this unapologetic anthology prove that when it comes to menopause and its attendant symptoms, no one needs to sweat it alone. Featuring works by comics luminaries such as Lynda Barry, Joyce Farmer, Ellen Forney, and Carol Tyler, Menopause is the perfect antidote to the simplistic, cheap-joke approach that treats menopause as a cultural taboo. This anthology challenges stereotypes with perspectives from a range of life experiences, ages, gender identities, ethnicities, and health conditions. (STL210564)

(W) Colin Kaepernick, Eve L. Ewing
(A) Orlando Caicedo

High school star athlete Colin Kaepernick is at a crossroads in life. Heavily scouted by colleges and MLB as a baseball pitcher, he has a bright future ahead of him as a highly touted prospect. Everyone from his parents to his teachers and coaches are in agreement on his future. Colin feels differently. Colin isn't excited about baseball. In the words of five-time all-star MLB player Adam Jones, "Baseball is a white man's game." So she's furious when Theo, her grumpy older brother, gets his own room instead, and her wild baby brother, Max, moves into the room she already shares with her clinging sister Pearl! Avery hatches a plan to finally get her own room, all while trying to get Max to sleep at night, navigating changes in her friendships, and working on an art entry for the fair. SPOTLIGHT ON

IN EVERY GENERATION A SLAYER IS BORN SC
(W) Evan Ross Katz
Over the course of its seven-year run, *Buffy the Vampire Slayer* cultivated a loyal fandom and featured a strong, complex female lead, at a time when such a character was a rarity. Evan Ross Katz explores the show's cultural relevance through a book that is part oral history, part celebration, and part memoir of a personal fandom that has universal resonance still, decades later. Katz—with the help of the show's cast, creators, and crew—reveals that although *Buffy* contributed to important conversations about gender, sexuality, and feminism, it was not free of internal strife, controversy, and shortcomings. *Into Every Generation a Slayer Is Born* engages with the very notion of fandom, and the ways a show like Buffy can influence not only how we see the world but how we exist within it. O/A GLADYS PARKER: A LIFE IN COMICS, A PASSION FOR FASHION HC

(W) Trina Robbins (A) Gladys Parker

Cartoonist Gladys Parker was unique in comics. As with Frida Kahlo, it was impossible to tell where her art left off and its creator began. Parker mixed fashion and comics and created classic characters that mimicked her sense of fashion. In fact, Parker was an exact double for her ink-and-paper creation, *Mopsy*. Only Gladys Parker was a fashion designer with a successful line of clothing while at the same time drawing an equally successful comic strip. Parker's dresses bearing the Gladys Parker label were sold at her own New York shop and at high-end department stores across the country. Who better to chronicle the story of Gladys Parker than comics herstorian Trina Robbins, who in the 1960s designed clothes for hippies and rock stars out of her East Village boutique, while drawing underground comix? (CA) John Totleben

Miracleman launched 40 years ago in the now legendary *Warrior* magazine. It turned the concept of "super-hero" on its ear with big ideas that helped redefine an entire genre... when Miracleman fought Kid Miracleman on the streets of London... well, things would never be the same. And then there was the art. *Miracleman* had a true knack for bringing out the best work from extraordinary artists. Starting with co-creator Garry Leach, followed by Alan Davis (and others) and finishing with one of the most amazing endings in comics history by the phenomenal John Totleben, *Miracleman* was a work of art painted on a grand canvas, unlike anything before or since. This ancient legend has entertained audiences since it was first told in 16th Century China and is widely considered one of the greatest novels ever written. It has been translated and adapted into more languages and media than nearly any other tale, with its central character representing the archetype for the modern "scoundrel hero." It has unquestionably inspired countless popular tales of their own, including anime favorites such as ***Dragon Ball*** and ***Naruto***.

LOVE ME PLEASE: THE STORY OF JANIS JOPLIN HC
(W) Nicolas Finet (A) Christopher
How did a very young messed up woman, a drug addict filled with doubt, become in a few years a planetary icon of rock music? Janis Joplin went from the shadows to the blinding light of fame in only four records (the last one issued a month and a half after her tragic death). Thanks to a worldwide movement of emancipation which would consecrate for a long time the ideals and modes of alternative lifestyles from counterculture to the flower power generation, Janis, the ugly duckling, gave free rein to her impulses. Joplin left for San Francisco, the epicenter of cultural innovation, where she lived a freedom of which she would hardly have dared to dream, abandoning herself to all impulses, overcoming without hesitation all the taboos of the time: bisexuality, alcohol, drugs, doing so not only with delight, but with the taste for excess which came naturally from her spontaneous character. THE GULL YETTIN GN
(W/A) Joe Kessler
The life of an orphaned boy is shaped by the devotion of a fantastical Gull in this lovingly rendered, entirely wordless graphic novel by a contemporary comics innovator. Told in striking colors and loose but confident lines, the story begins when a young boy awakens late one night to find his home on fire. The boy is saved by a lanky, shapeshifting Gull (who may or may not be real). Orphaned by the fire, and now adrift in a boat piloted by the Gull, the boy faces an uncertain future, one that will be both helped and hindered by his new attendant. Without a word, Kessler builds a strange but recognizable world, using it to explore all the forms that grief, jealousy, longing, and love can take in our lives, and the compassion and cruelty that can dwell in a single heart. Filled with all the warmth and poignancy of a great folktale, *The Gull Yettin* proves that Kessler is pushing comics to new heights. To break the curse on the kingdom, Syv, the youngest snowcat prince, sets out on a dangerous quest to find the long-lost magical crown of his ancestor and learn the true meaning of bravery and honor.

Syv, a snowcat prince in line to take the throne following his father's death, embarks on a dangerous quest to find the long-lost magical crown that could break the curse on his land. But if he fails, Syv will be marked with three black stripes and banished from home forever. Along his journey, Syv will face dangerous beasts, dark powers, and the ever-lurking sandfoxes—sworn enemies to the snowcats. But when Syv discovers the truth about the legends he was told as a child, he'll have to learn the new meaning of honor and find another way to break the curse.

Dear Reader,

The Snowcat Prince is a story about Syv, a young cat who is just trying to understand the world around him. He faces up against a lot: he questions his kingdom—its allies and enemies; he questions his family—those he thinks he can trust the most; and most of all he questions the stories he was told as a young kitten—the histories he was taught to believe no matter what. Ultimately, Syv must look at everything in the world around him and wonder if his perception of the world might be wrong.

I've experienced the same feelings Syv has myself. Throughout my life I've had to question the world around me. Whether it be big or small, there have been facts in life that I fully believed, until one day...something challenged them. Questioning the world around me was always an incredibly uncomfortable feeling, but facing those challenges is what allowed me to truly grow.

When I started writing the book, I didn't really know what it would be about. All I knew was that I wanted a little cat and a fox to go on a journey together, and that was my starting point. From there, I wanted to tell a story about the importance of the simple act of just moving forward, even when it might seem hard. You will face struggles, but the relief and joy you feel when you've forged ahead—even if you got a few scars along the way—is worth the journey. While *The Snowcat Prince* may be a story about a quest for a crown, maybe for you it's just about a test you have to study for, a book you want to finish writing, or a project you have to see through to the end. It doesn't always matter if it is perfect or if you did it gracefully. You moved forward, and you've grown.

I hope that you will allow yourself to be swept away in this little fairy tale. Enjoy the magic and the wonders! And maybe afterwards, see the world a little differently and let yourself grow through your experiences.

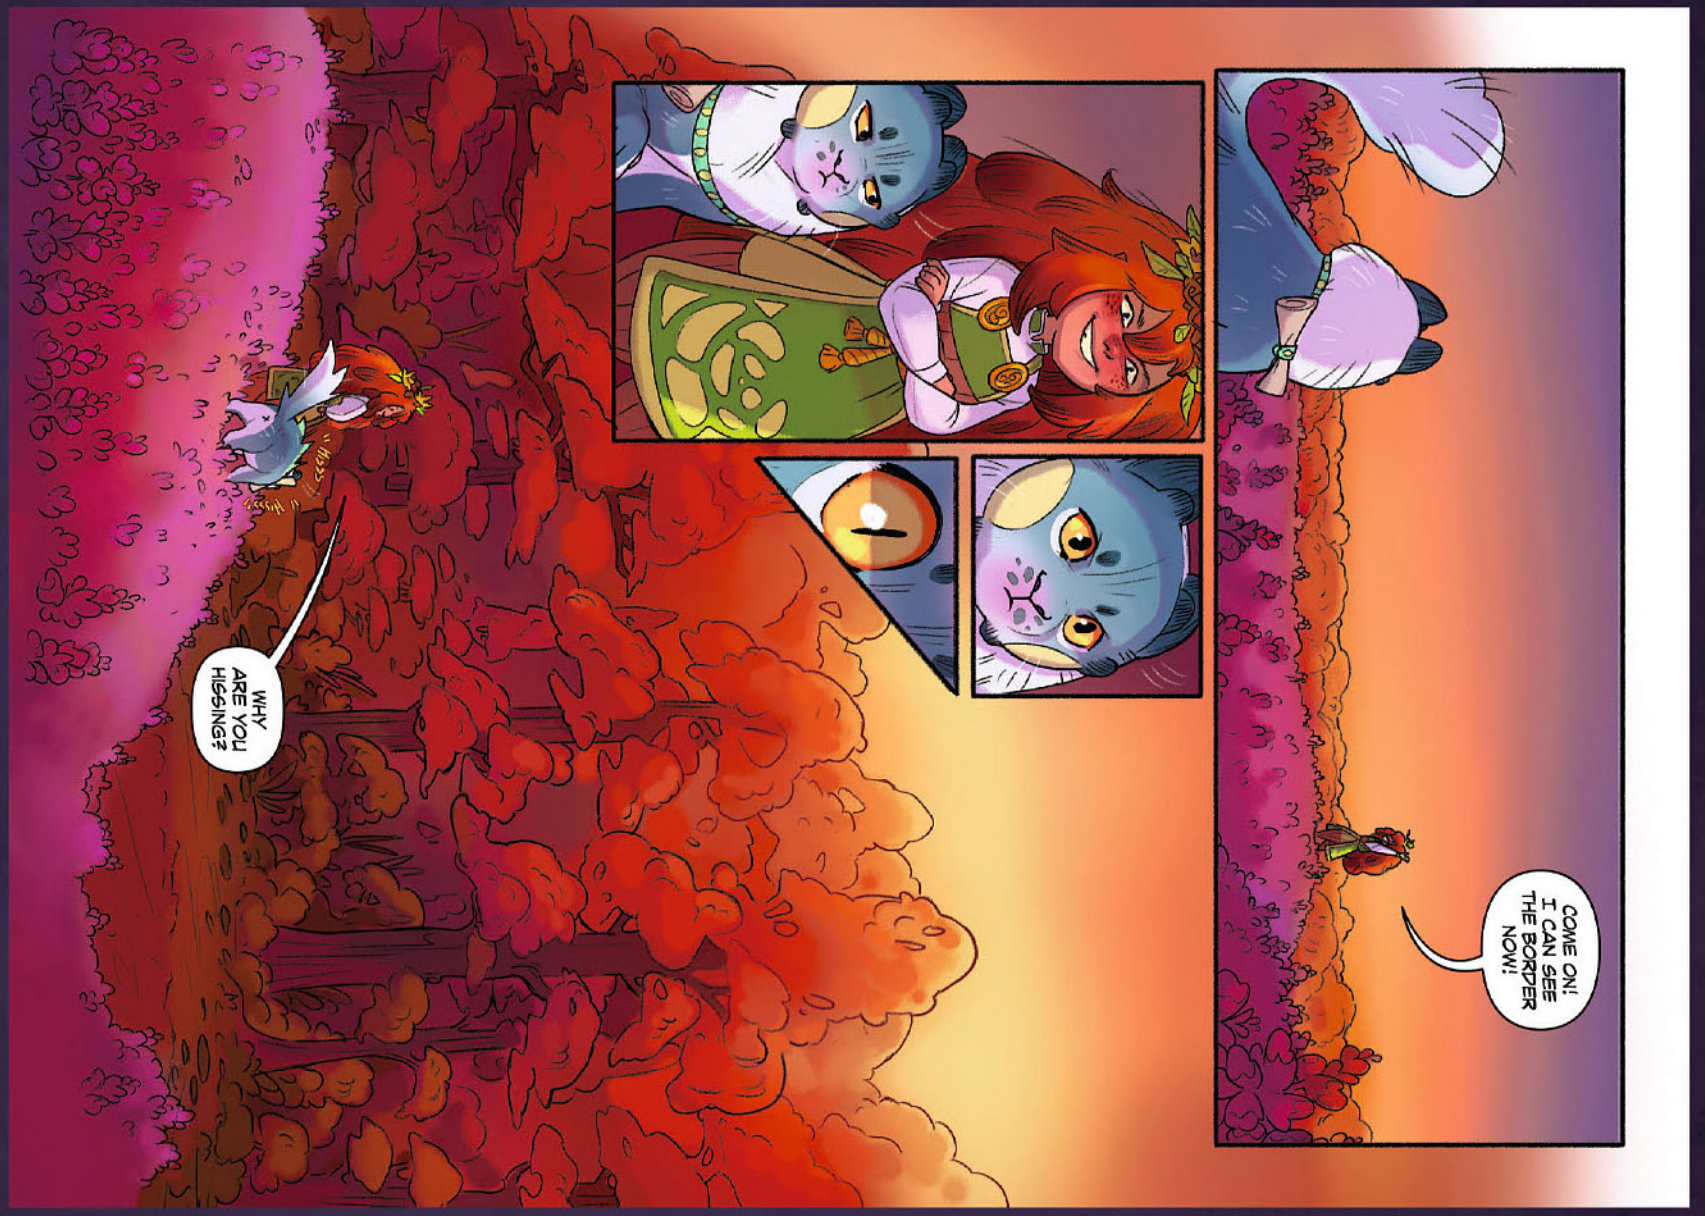

—DINA NORLUND

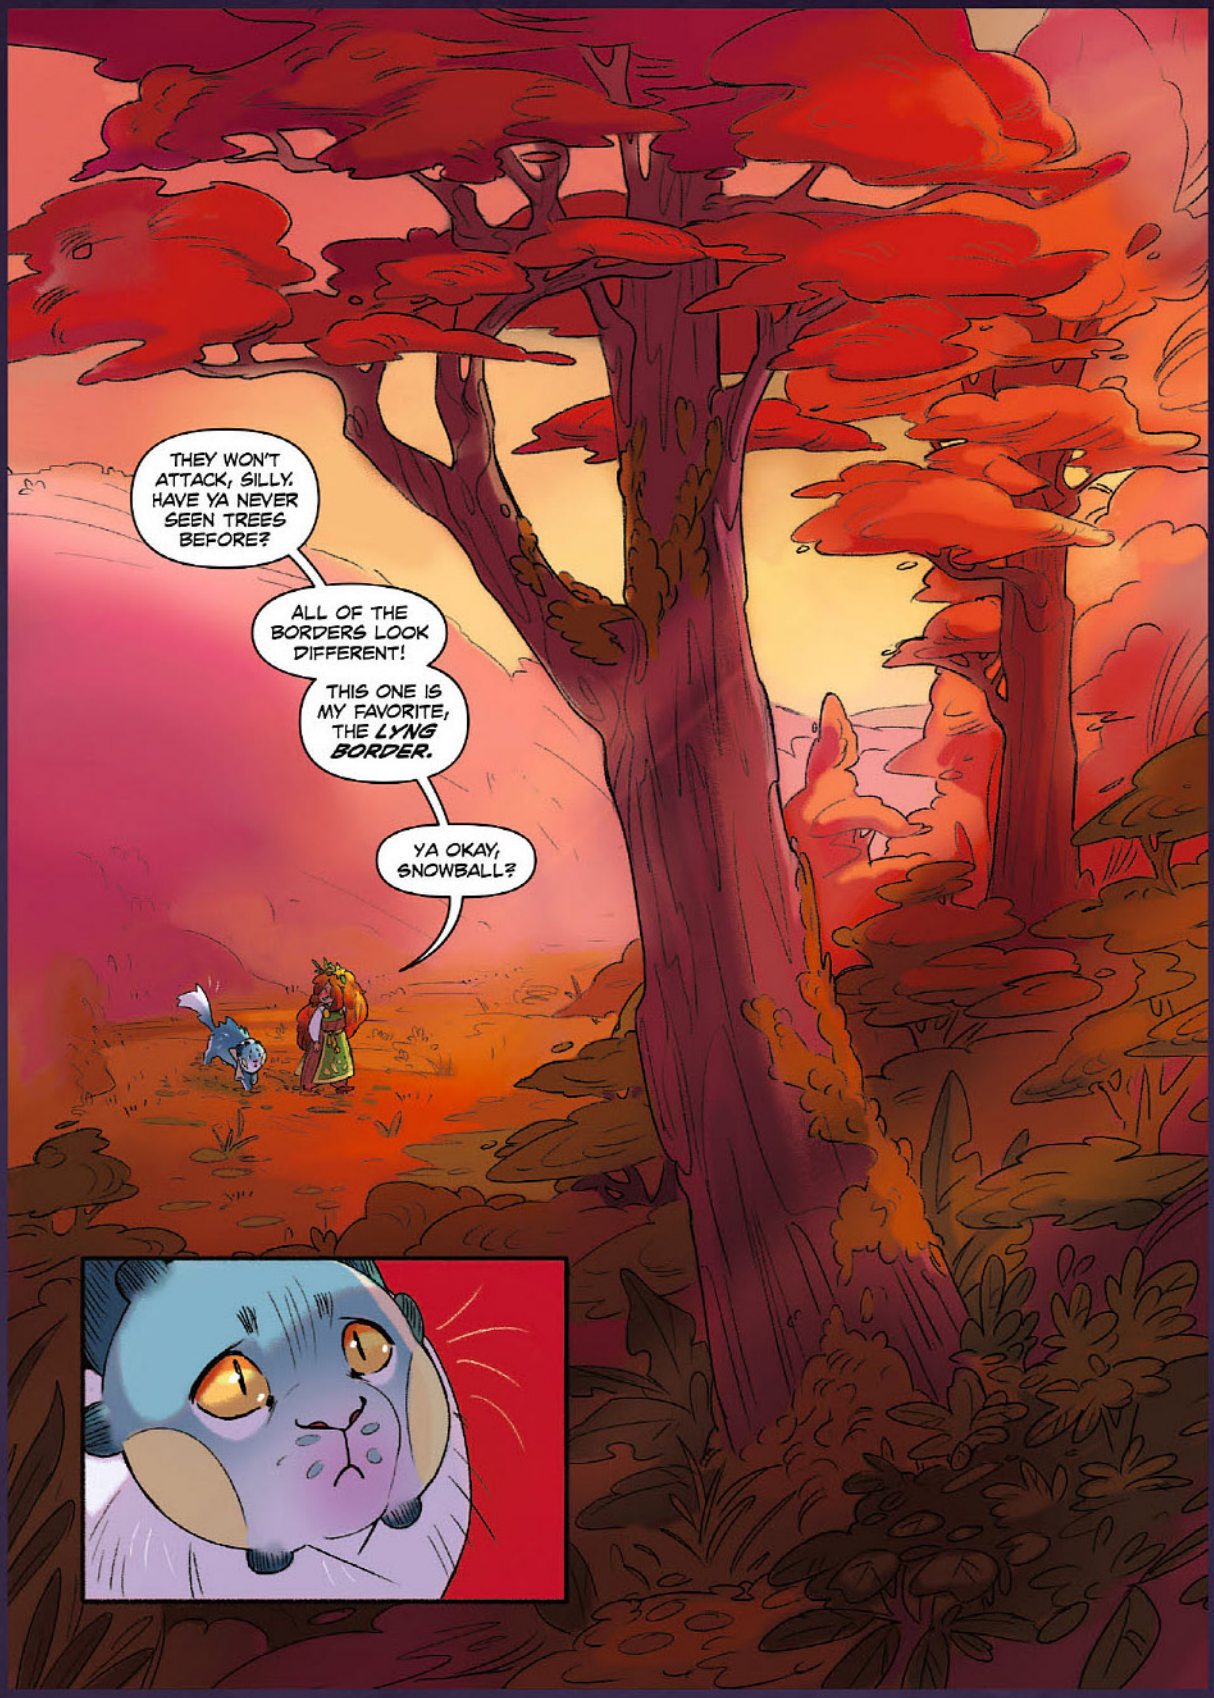

SYV is the seventh son in the royal family of snowcats in the Nordan Horizon. He's quiet and kind, cares for the people in the city, and is often very unsure of himself when he's around his brothers. He wears his heritage as a badge of honor and is fiercely protective of his family's history. When he meets Kit, it takes him a while to trust her and let her show him the wonderful parts of the world he's never seen before. Slowly he falls in love with everything he sees, and he vows to do everything he can to protect it.

KIT is loud and incredibly brave. She's been traveling for a while and knows all the tricks you need to survive the wilderness. Although she may seem to be all about humor and antics, she does hold a lot of secrets and heavy memories that she carries close to her heart. She loves deeply, both the people around her and the nature and creatures in it, although she'll never admit that of course. At the beginning she enjoyed teasing Syv only for the fun of it, but it doesn't take long before she becomes fiercely protective of the innocent and slightly too proud snowball.

COME ON! I CAN SEE THE BORDER NOW!
WHY ARE YOU HISSING?

THEY WON'T ATTACK, SILLY. HAVE YA NEVER SEEN TREES BEFORE?
ALL OF THE BORDERS LOOK DIFFERENT!
THIS ONE IS MY FAVORITE, THE LYNG BORDER.
YA OKAY, SNOWBALL?

And for the record, it's NOTHING like the stories. First off, what's up with Slasher's attitude? It's not Pacey's fault he's trapped in a ridiculous stuffed body. And that Alpha Unicorn guy? NOT. Nice. LITCOMIX: LITERARY THEORY AND THE GRAPHIC NOVEL SC

(W/A) Adam Geczy, Jonathan McBurnie
Critical studies of the graphic novel have often employed methodologies taken from film theory and art criticism. Yet, as graphic novels from *Maus* to *Watchmen* entered the literary canon, perhaps the time has come to develop theories for interpreting and evaluating graphic novels that are drawn from classic models of literary theory and criticism. Using the methodology of Georg Lukács and his detailed defense of literary realism as a socially embedded practice, Litcomix tackles difficult questions about reading graphic novels as literature. Whether looking at graphic novel adaptations of Proust or considering how Jack Kirby's use of intertextuality makes him the Balzac of comics, this study offers fresh perspectives on how we might appreciate graphic novels as literature. THE ART OF METAL: FIVE DECADES OF HEAVY METAL ALBUM COVERS. POSTERS, AND MORE HC

(W) Martin Popoff & Various
Let's face it, without the larger-than-life character and imagination of the art that complements it, metal just wouldn't have had the same impact. From the colorful, outlandish, yet sophisticated use of visuals for album artwork and posters, to the immediately recognizable logos of such bands as Black Sabbath, Iron Maiden, Judas Priest, Motörhead, Metallica, Slayer, and a host of others across many subgenres, there's a close-knit relationship between the riffs that thunder from the guitar and the images that have come to represent the songs, anthems, and sheer nature of the beast. Every classic album brings to mind a readily identifiable album cover. Each great band has an immediately identifiable logo. This book explores the ways in which the art has helped define each of the crucial subgenres that make up the multifaceted and colorful centipede that is metal. (STL256166) (C: 0-1-1)

FRIDA KAHLO: HER LIFE, HER ART, HER HOME GN

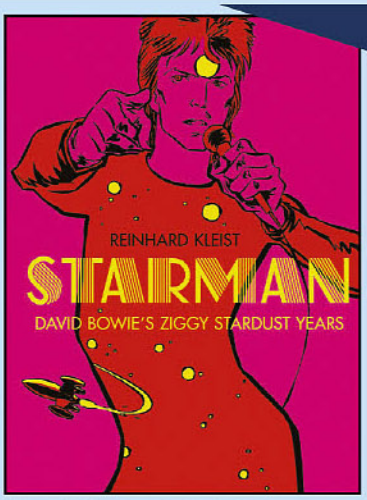

(W/A) Francisco De La Mora

Frida Kahlo, remembered as one of the most inspiring personalities of the 20th century, was a woman of two intertwined parts: she was both a charismatic and empowered artist exploring themes of resistance, authenticity, cruelty, and suffering, and a more private person whose wounded body caused her a lifetime of pain that underpinned the many successes and disappointments that marked her time in the world. Revealing and exploring these two Fridas, Francisco de la Mora's graphic biography—completed with the endorsement and support of the Frida Kahlo Museum in Mexico City—allows the reader to see just how far ahead of her time this complex artist was in her understanding of gender inequality and the culture of machismo, topics that remain relevant to this day and continue to lend resonance to Kahlo's painting. STARMAN: DAVID BOWIE'S ZIGGY STARDUST YEARS GN

FI

(W/A/CA) Reinhard Kleist

In 1972, the rock 'n' roll messiah Ziggy Stardust was born. His provocative play on sexual identity and gender roles laid the foundation for David Bowie's ascent to legendary status as one of the most successful pop musicians of all time. Reinhard Kleist weaves the gripping tale of this dazzling character's genesis, tracing both Bowie's hapless efforts on the London music scene before Ziggy's conception and his struggles with his own creation at the height of his fame. As Bowie transforms himself, ever more dizzyingly, into a self-portrait of an egocentric rock star, his extravagant lifestyle threatens to bring the real world collapsing around his ears. This publication has not been prepared, approved, authorized or licensed by the David Bowie estate or any related entity. COVER B

CREATOR SPOTLIGHT : CULLEN BUNN

Q: Joining you on Nightwalkers are Joe Bocardo (Inks), Colin Johnson (Colors), and Justin Birch (Letters). What makes this team right for Nightwalkers, and how do they influence the final product beyond their respective roles?

A: A story like Nightwalkers needs a distinct visual style, something that sets it apart, something that gives it an almost dream-like... or, more appropriately, a nightmare-like quality. This team embraces that and runs with it. There's a real ghost story quality to this book, from the inks to the color to the way it is lettered. You can feel the isolation and loneliness in the art. And you can see the horror in the eyes and expressions of the lead characters. I feel very lucky to work with this team.

Together with Aleister Crowley, the self-proclaimed "Most Evil Man in the World" Valiente recruits a hard-nosed white witch Dion Fortune, the grizzled and gray-bearded founder of Wicca Gerald Gardner, and exorcist and con man in a turban Rollo Ahmed. DESTROYER DUCK GRAPHITE EDITION HC

(W) Steve Gerber
(A) Jack Kirby

In the 1980s, writer Steve Gerber was embroiled in a lawsuit against Marvel Comics over ownership of his creation Howard The Duck. To raise funds for legal fees, Gerber asked Jack Kirby to contribute to a benefit comic titled *Destroyer Duck*. Without hesitation, Kirby, in his own dispute with Marvel at the time, donated his services for the first issue, and the duo took aim at their former employer in an outrageous five-issue run. With biting satire and guns blazing, Duke "Destroyer" Duck battled the thinly veiled Godcorp (whose infamous credo was "Grab it all! Own it all! Drain it all!"), its evil leader Ned Packer and the (literally) spineless Booster Cogburn, Medea (a parody of Daredevil's Elektra), and more! Now, all five Gerber/Kirby issues are collected. relettered and reproduced from Jack's unbridled, uninked pencil art! Also included are select examples of Alfredo Alcala's unique inking style over Kirby on the original issues, Gerber's script pages, an historical Introduction by Mark Evanier, and an Afterword by Buzz Dixon. O/A THE CHARLTON COMPANION SC

An all-new definitive history of Connecticut's notorious all-in-one comic book company! Often disparaged as a second-rate funny-book outfit, Charlton produced a vast array of titles that span from the 1940s Golden Age to the Bronze Age of the '70s in many genres. The imprint experienced explosive bursts of creativity, most memorably the "Action Hero Line" edited by Dick Giordano in the 1960s, which featured the renowned talents of Steve Ditko and a stellar team of creators, all helmed by veteran masters and talented newcomers—and serving as a training ground for an entire generation of comics creators. Though it gave up the ghost over three decades ago, Charlton's influence continues today with its Action Heroes serving as inspiration for Alan Moore's cross-media graphic novel hit, *Watchmen.* (STL227140)

REED CRANDALL: ILLUSTRATOR OF COMICS SC

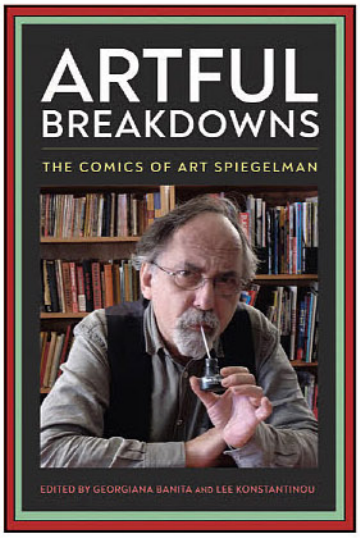

(A) Reed Crandall

From the 1940s to the '70s, Reed Crandall brought a unique and masterful style to American comic art. Using an illustrator's approach on everything he touched, Crandall gained a reputation as the "artist's artist" through his skillful interpretations of Golden Age super-heroes Doll Man, The Ray, and Blackhawk (his signature character); horror and sci-fi for the legendary EC Comics line; Warren Publishing's *Creepy*, *Eerie*, and *Blazing Combat*; the *THUNDER Agents* and Edgar Rice Burroughs characters; and even *Flash Gordon* for King Features. Comic art historian Roger Hill has compiled a complete and extensive history of Crandall's life and career, from his early years and major successes, through his tragic decline and passing in 1982. NEW SERIES

Simon Furman, writer of the original ***Transformers*** comic series and creator of Marvel's ***Death's Head***, has teamed up with Heavy Metal artist Hector Trunnec to create an all-new Mecha-Masterwork based on the toyline designed by Aaron Thomas.

Pathfinders, Pioneers...breaking new ground in the furthest reaches of the galaxy...they are – ***ASTROBOTS***.

The clock is ticking for planet Earth and the race is on to find a new world capable of sustaining human life. New, sophisticated machine lifeforms called Astrobots are dispatched to scout far-flung worlds in the hope of crafting a new home. With food and raw materials running out and climate disasters escalating, the evacuation of the entire human population is the only slender hope remaining.

On Colony World 1, a catastrophic power struggle forges a new – all-Astrobot – society, and presiding over this nascent civilization is Atlas, an evolved mech with a futureproof plan. A plan that does not include humankind.

O/A THE EXPANSE RPG HC

(W) Various

The Expanse Roleplaying Game brings James S.A. Corey's award-winning series of science fiction novels to the tabletop. Using the Adventure Game Engine (AGE) rules that power Green Ronin's *Fantasy AGE*, *Blue Rose*, and *Modern AGE* RPGs, *The Expanse* takes players to a far-future solar system where humanity is divided: Martians, Belters, and the people of old Earth struggle for political power and resources, but older, alien, forces are stirring in the universe, and human history is about to take an unexpected new turn. *The Expanse RPG* applies the fast-playing, stunt-powered AGE system to spaceships, solar colonies, adventure, and intrigue in the far-future, where the actions of the characters may change the course of history! (STL080418)

O/A THE SHIPS OF THE EXPANSE RPG HC

(W) Keith Garrett & Various

The Expanse is vast, and traversing the space between worlds in the solar system requires a ship. For a crew, a ship is freedom, home, safety, and a source of income, but also a source of responsibility and often debt. Out in space, other ships are potential targets, allies, or threats. *The Ships of the Expanse* offers details on many of the kinds of space ships characters in an *Expanse* game might encounter, or perhaps even own. From shuttles and racing pinnaces to lumbering ice-haulers and massive warships, the sourcebook describes them all. *Ships of the Expanse* also features information on space stations and new rules for maintenance and repair, buying and selling cargo, new stunts and hazards, and much more. (STLI72621)
